What is „Teen Future“?

The „Teen Future“ programme was developed in cooperation with Helen Doron Switzerland, Cambridge English Exams (Swiss Exams) and Cambridge University Press in Switzerland, with the purpose of helping SEK 1 students obtain the necessary English skills and qualifications in preparation for their next educational level (KV, Gymnasium, Vocational Programme and Training, etc.).

The „Teen Future“ courses are run by Helen Doron Switzerland and are intended to prepare students for one of the famous Cambridge English Exams such as the „Cambridge English: Preliminary (PET)“ or the Cambridge English: First (FCE). The aim is to equip students with the proper qualification to master English well at the SEK II level, or even achieve exemption.

You are a student in secondary school (SEK1) and you are preparing for the Gymi, the KV or any other SEK2 school. You are ambitious and you want to get ahead of the game by already obtaining one of the well-known Cambridge certificates that are required to enter or graduate SEKII level. Then „Teen Future“ is your choice!

Cambridge English Exams

The aim of the programme is for students to complete their course with an official Cambridge English Exam (Cambridge English: Preliminary PET or Cambridge English: First (FCE), before entering their educational journey at the SEK 2 level. These qualifications are well known at the SEK 2 level and also at the tertiary level of the Swiss school system.

Cambridge English qualifications are designed to help students communicate more effectively and to learn skills that will take them to the next level of success. Holding a Cambridge English certificate will make life easier for students in the classroom when entering SEK 2 or even getting them exempt from certain courses or requirements.*

**Needs to be clarified with the relevant educational institution.*
